

8th annual meeting of the EFOR network, 3d May 2017  
**ALGAE WORKSHOP 6/7**  
 organized by  
 Angela Falciatore, Catherine Leblanc + co-organizers (Simon Dittami, Andrés Ritter)

08h45-09h15	<i>Registration</i>
09h15-09h30	<i>Introduction by the organizers</i>
<b>Session 1. Genomic &amp; epigenetics</b>	
09h30-10h00	Marc Cock (UMR8227, Roscoff, FR). <i>The Ectocarpus genome seven years on: Improved gene annotation with isoforms, non-coding genes and more.</i>
10h00-10h30	Lella Tirichine Delacour (IBENS, Paris, FR). <i>The emerging function of Polcomb repressive complex in diatoms.</i>
10h30-11h00	<i>Coffee break and sponsors booth (hall)</i>
11h00-11h30	3-4 Young researcher talks (15min including questions)
11h30-12h00	
12h00-14h00	<i>Lunch (Cafeteria) and sponsors booth (hall)</i>
<b>Session 2. Genomic, evolution and adaptation</b>	
14h00-14h30	Thomas Mock (UEA, Norwich, UK). <i>The evolution and significance of diverged alleles in diatoms</i>
14h30-15h00	Olivier De Clerck (Ghent University, BE). <i>Title to be announced</i>
15h00-15h30	2 Young researcher talks (15min including questions)
15h30-16h45	<i>Coffee break and sponsors booth (hall)</i>
<b>Session 3. Genomic and metabolic engineering</b>	
16h45-17h15	Fayza Daboussi (INSA, Toulouse, FR). <i>Genome editing in marine diatoms</i>
17h15-17h45	Xenie Johnson (CEA Cadarache, FR). <i>Using Chlamydomonas reinhardtii as an experimental vehicle to understand the driver in photosynthetic yields</i>
17h45-18h15	2 Young researcher talks (15min including questions)
18h15-18h30	<i>Concluding remarks</i>
